

REPUBLIC DAY CELEBRATION

Commemorating the 65th Republic Day, a students meet was organized at SFCCCC

premises on 26th Jan. 2014. On this occasion Director – Mr. Nikitin Contractor shared his views :
“ This is the time we remember our leaders as well as Martyrs. Many had supposed that soon India will once again come under rule of some another nation , but Indians have proved **this** thought to be entirely nothing more than a wishful imagination.

On the contrary we have developed ourselves in many areas posing as a role model. We are celebrating our 65th Republic Day. We should just be positive & salute our soldiers who have given their best & sacrificed their TODAY for our TOMORROW. The farmers who have toiled in hot sun to give us FOOD. The scientist & technologist who have made our lives easier by implementing state of the art technology for us. HENCE I SAY JAI JAWAN JAI KISAN & JAI VIGYAN & I add JAI YUVA the youths on whom the country depends.”

As part of this celebration a small ad-film by GOOGLE (Reunion) was showed to the students which displayed the days after partition between Indian and Pakistan and emotional ties of people of both the countries. This was followed by video recording show on “ Kokilaben Ambani Hospital” located at Mumbai. The celebration was concluded with a luncheon at Surya Palace .
